**MX 22 /** REF. K008355

## COMPRESSOR

The KOSNER MX22 compressor is suitable for intensive use thanks to its high air flow and low energy consumption.

Stable and easy to move thanks to its directional braked castors and double roll bar, it also features an illuminated, waterproof On/Off switch with built-in thermal circuit breaker.

### TO USE WITH

Spraying machine, paint spray-gun, inflation gun, stapler, nail gun, drip gun...

|                           |                                  |
|---------------------------|----------------------------------|
| Flow-rate of air absorbed | 516 L/min (31 m <sup>3</sup> /h) |
| Motor power               | 2,3 kW                           |
| Electrical supply         | 230 V                            |
| Maximum pressure          | 6 bar                            |
| Weight                    | 57 kg                            |
